

Privacy Notice

1. Introduction

We would like to use the information below to provide you "data subject" with an overview of our processing of your personal data and your rights under data protection law. It is generally possible to use our website without entering personal data. However, if you wish to make use of special services offered by our company through our website, it may be necessary to process personal data. If it is necessary to process personal data and there is no legal basis for such processing, we will generally obtain your consent.

Personal data, such as your name, address or email address, is always processed in accordance with the EU General Data Protection Regulation (GDPR) and in accordance with the country-specific data protection regulations applicable to the "Cambrian Robotics GmbH". The aim of this Privacy Notice is to inform you about the scope and purpose of the personal data we collect, use and process.

As the data controller, we have implemented numerous technical and organisational measures to ensure the most complete possible protection of the personal data processed via this website. Nevertheless, Internet-based data transmissions can in principle have security gaps so that absolute protection cannot be guaranteed. For this reason, you are free to submit personal data on alternative ways, such as by phone or by post to us.

2. Data controller

The data controller, as defined by the GDPR, is:

Cambrian Robotics GmbH

Germanenstr. 2, 86343 Königsbrunn, Deutschland

Telefon: +49 8231 3018870

Telefax: +49 8231 3018864

E-Mail: info@caint.io

Vertreter des Verantwortlichen: Miika Satori

3. Data protection officer

We would like to point out that we are not required to appoint a data protection officer.

Contact person for data protection: Melanie Nordt

Telefon: +49 8231 3018862

Telefax: +49 8231 3018864

E-Mail: DS-Cambrian@ub-weiss.com

4. Definitions

This Privacy Notice is based on the terminology used by the European legislature and legislature in the adoption of the General Data Protection Regulation (GDPR). Our privacy policy should be easy to read and understand, both for the public and for our customers and business partners. To ensure this, we would like to explain in advance the terminology used. Among other things, we use the following terms in this privacy policy.

We use the following terms in this Privacy Notice, among others:

1. Personal data

Personal data means any information relating to an identified or identifiable natural person. An identifiable natural person is one who can be identified, directly or indirectly, in particular by reference to an identifier such as a name, an identification number, location data, an online identifier or to one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that natural person.

2. Data subject

A Data subject is any identified or identifiable natural person whose personal data is processed by the controller (our company).

3. Processing

Processing is any operation or set of operations which is performed upon personal data, whether or not by automatic means, such as collection, recording, organisation, filing, storage, adaptation or alteration, retrieval, consultation, use, disclosure by transmission, dissemination or otherwise making available, alignment or combination, restriction, erasure or destruction.

4. Restriction of processing

Restriction of processing is the marking of stored personal data with the aim of limiting their future processing.

5. Profiling

Profiling is any form of automated processing of personal data which consists in using such personal data to evaluate certain personal aspects relating to a natural person, in particular to analyse or predict aspects relating to that natural person's performance at work, economic situation, health, personal preferences, interests, reliability, behaviour, location or change of location.

6. Pseudonymisation

Pseudonymisation is the processing of personal data in such a way that the personal data can no longer be attributed to a specific data subject without the use of additional information, provided that such additional information is kept separately and is subject to technical and organisational measures which ensure that the personal data cannot be attributed to an identified or identifiable natural person.

7. Data processor

Data processor means a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

8. Recipient

A recipient is a natural or legal person, public authority, agency, or other body to whom personal data are disclosed, whether a third party or not. However, public authorities that may receive personal data in the context of a specific investigative task under Union or Member State law shall not be considered as recipients.

9. Third party

Third party means any natural or legal person, public authority, agency or body other than the data subject, the controller, the processor and the persons who, under the direct responsibility of the controller or the processor, are authorised to process the personal data.

10. Consent

Consent means any freely given specific and informed indication of the data subject's wishes in the form of a statement or other unambiguous affirmative act by which the data subject signifies his or her agreement to the processing of personal data relating to him or her.

5. Legal basis for processing

Art. 6 (1) lit. a GDPR (icw § 25 (1) German Telecommunications-Telemedia Data Protection Act (TTDSG)) serves our company as the legal basis for processing operations where we obtain consent for a specific processing purpose.

If the processing of personal data is necessary for the performance of a contract to which you are a party, as is the case, for example, with processing operations that are necessary for the delivery of goods or the provision of another service or consideration, the processing is based on Art. 6 (1) lit. b GDPR. The same applies to processing operations that are necessary for the implementation of pre-contractual measures, for example in the case of enquiries about our products or services.

If our company is subject to a legal obligation by which the processing of personal data becomes necessary, such as for the fulfilment of tax obligations, the processing is based on Art. 6 (1) lit. c GDPR.

In rare cases, the processing of personal data might become necessary to protect vital interests of the data subject or another natural person. This would be the case, for example, if a visitor were to be injured on our premises and as a result their name, age, health insurance data or other vital information had to be passed on to a doctor, hospital or other third party. In this case, the processing would be based on Art. 6 (1) lit. d GDPR.

Finally, processing operations could be based on Art. 6 (1) lit. f GDPR. Processing operations which are not covered by any of the aforementioned legal bases are based on this legal basis if the processing is necessary for the protection of a legitimate interest of our company or a third party, provided that the interests, fundamental rights and freedoms of the data subject do not outweigh. We are permitted to carry out such processing operations in

particular because they have been specifically mentioned by the European law. In this respect, the legislature took the view that a legitimate interest could be assumed if you are a customer of our company (Recital 47, Sentence 2 GDPR)..

Our offer is inherently aimed at adults. Persons under 16 years of age may not transmit any personal data to us without the consent of their parents or legal guardians. We do not request personal data from children and adolescents, do not collect it and do not pass it on to third parties.

6. Technology

6.1 SSL/TLS-encryption

This site uses SSL or TLS encryption to **guarantee** the security of data processing and to protect the transmission of confidential content, such as orders, login data or contact enquiries that you send to us as the operator. You can recognise an encrypted connection by the fact that the address bar of the browser contains a "https://" instead of a "http://" and by the lock symbol in your browser bar.

We use this technology to protect your transmitted data.

6.2 Data collection when visiting the website

If you only use our website for informational purposes, i.e. if you do not register or otherwise provide us with information, we only collect the data your browser sends our server (in what is known as "server log files"). Our website collects a range of general data and information each time you access a website or an automated system. This general data and information is stored in the server's log files. It may be collected.

1. the browser types and versions used,
2. the operating system used by the accessing system,
3. the website from which an accessing system accesses our website (so-called referrer),
4. the sub-pages accessed via an accessing system on our website,
5. the date and time of access to the website,
6. an internet Protocol (IP) address, and
7. the internet service provider of the accessing system.

When using this general data and information, we do not draw any conclusions about your person. Rather, this information is required to

1. deliver the contents of our website correctly,
2. optimise the contents of our website as well as to advertise it,

3. to ensure the permanent operability of our IT systems and the technology of our website, and
4. to provide law enforcement authorities with the information necessary to prosecute in the event of a cyber-attack.

Therefore, the data and information collected will be used by us for statistical purposes only and for the purpose of increasing the data protection and data security of our enterprise to ensure an optimal level of protection for the personal data we process. The data of the server log files is stored separately from any personal data provided by a data subject.

The legal basis for data processing is Art. 6 (1) lit. f GDPR. Our legitimate interest follows from the purposes for data collection listed above.

7. Cookies

7.1 General information about cookies

We use cookies on our website. Cookies are small files that are automatically created by your browser and stored on your IT system (laptop, tablet, smartphone or similar) when you visit our website.

Information generated from the specific device used is stored in cookies. This does not mean, however, that we will gain immediate knowledge of your identity.

The use of cookies helps us make it more convenient for you to use our website. For example, we use session cookies to detect whether you have already visited individual pages on our website. These are erased automatically when you leave our website.

In addition, we also use temporary cookies to optimise user-friendliness, which are stored on your end device for a specific period of time. If you visit our site again to use our services, it is automatically recognised that you have already been with us and which entries and settings you have made so that you do not have to enter them again.

We also use cookies to statistically record the use of our website and to evaluate our offer for you for the purpose of optimisation. These cookies enable us to automatically recognise that you have already visited our website when you visit it again. The cookies set in this way are automatically deleted after a defined period of time. The respective storage period of the cookies can be found in the settings of the consent tool used.

8. Contents of our website

8.1 Registration as a user

You have the option of registering on our Support website by providing personal data.

Which personal data is transmitted to us in this process can be seen from the respective input mask used for registration. The personal data you enter is collected and stored exclusively for internal use by us and for our own purposes. We may arrange for data to be passed on to one or more data processors, for example a parcel service provider, who will also use the personal data exclusively for an internal use attributable to us.

By registering on our website, the IP address assigned by your internet service provider (ISP), the date and the time of registration are also stored. This is done only for the purpose of preventing our services from being misused. If necessary, this data may be used to clarify the situation surrounding any crimes committed. In this respect, the storage of this data is necessary for our protection. As a matter of principle, this data is not disclosed to third parties. This does not apply if we are legally obliged to pass on the data or if the data is passed on for the purpose of criminal prosecution.

Your registration, including voluntary provision of personal data, also serves us to offer you content or services which, due to the nature of the matter, can only be offered to registered users. Registered persons are free to change the personal data provided during registration at any time or to have it completely erased from our database.

Upon request, we will provide you at any time with information about which personal data is stored about you. Furthermore, we will correct or delete personal data at your request, insofar as this does not conflict with any statutory retention obligations. A data protection officer named in this Privacy Policy and all other employees are available to the data subject as contact persons in this context.

The processing of your data is in the interest of a convenient and easy use of our website. This constitutes a legitimate interest within the meaning of Art. 6 (1) lit. f GDPR.

8.2 Contact support / Contact form

Personal data is collected when contacting us (e.g. via contact form or e-mail). Which data is collected in the case of the use of a contact form can be seen from the respective contact form. This data is stored and used exclusively for the purpose of answering your request or for contacting you and the associated technical administration. The legal basis for processing the data is our legitimate interest in responding to your request in accordance with Art. 6 (1) lit. f GDPR. If your contact is aimed at concluding a contract, the additional legal basis for processing is Art. 6 (1) lit. b GDPR. Your data will be deleted after final processing of your request; this is the case if it can be inferred from the circumstances that the matter concerned has been conclusively clarified and the deletion does not conflict with any legal obligations to retain data.

9. Newsletters

9.1 Newsletter for regular customers (without registration)

If you have provided us with your email address when purchasing goods or services, we may periodically email you offers for similar goods or services to those you have already purchased from our range. In accordance with Section 7 (3) of the German Unfair Competition Act (Gesetz gegen den unlauteren Wettbewerb, UWG), we do not need to obtain your separate consent for this. In this respect, the data processing is carried out solely on the basis of our legitimate interest in personalized direct advertising in accordance with Art. 6 para. 1 lit. f GDPR. If you have initially objected to the use of your e-mail address for this purpose, no e-mails will be sent by us. You are entitled to object to the use of your e-mail

address for the aforementioned advertising purpose at any time with effect for the future by notifying the responsible person named at the beginning. For this, you will only incur transmission costs according to the prime rates. Upon receipt of your objection, the use of your e-mail address for advertising purposes will cease immediately.

10. Our activities in social networks

To allow us to communicate with you on social networks and inform you about our services, we run our own pages on these social networks. If you visit one of our social media pages, we and the provider of the social media network are joint controllers (Art. 26 GDPR) regarding to the processing operations triggered thereby, which concern personal data.

We are not the original provider of these pages, but only use them within the scope of the options offered to us by the respective providers

We would therefore like to point out as a precautionary measure that your data may also be processed outside of the European Union or the European Economic Area. Use of these networks may therefore involve data protection risks for you since the protection of your rights may be difficult, e.g. your rights to information, erasure, objection, etc. Processing on social networks frequently takes place directly for advertising purposes or for the analysis of user behaviour by network providers, and we have no control over this. If the provider creates user profiles, cookies are often used or user behaviour may be assigned directly to your own member profile on the respective social network (if you are logged in).

The processing operations of personal data described are carried out in accordance with Art. 6 (1) lit. f GDPR on the basis of our legitimate interests and the legitimate interests of the respective provider in order to communicate with you in a timely manner or to inform you about our services. If you have to grant your consent to the respective providers to process your data as a user, the legal basis for this processing is Art. 6 (1) lit. a GDPR in conjunction with Art. 7 GDPR.

Since we have no access to these providers' databases, we would like to point out that you would be best placed to exercise your rights (e.g. to information, rectification, erasure, etc.) directly with the respective provider. More information on the processing of your data on social networks and your options for exercising your right to object or your right of revocation (opt out) is listed below for each of the social network providers we use:

10.1 LinkedIn

(Joint) Data controller responsible for data processing in Europe:

LinkedIn Ireland Unlimited Company, Wilton Place, Dublin 2, Ireland

Privacy Notice:

<https://www.linkedin.com/legal/privacy-policy>

10.2 XING (New Work SE)

(Joint) Data controller responsible for data processing in Germany:

XING AG, Dammtorstrasse 29?32, 20354 Hamburg, Germany

Privacy Notice:

<https://privacy.xing.com/de/datenschutzerklaerung>

Requests for information for XING members:

<https://www.xing.com/settings/privacy/data/disclosure>

11. Web analytics

11.1 Google Analytics Universal

On our websites we use Google Analytics, a web analytics service provided by Google Ireland Limited (<https://www.google.de/intl/de/about/>), Gordon House, Barrow Street, Dublin 4, Irland ("Google"). In this context, pseudonymised usage profiles are created and cookies (see point "Cookies") are used. The information generated by the cookie about your use of this website such as:

1. Browser information,
2. Operating system used,
3. Referrer-URL (previously visited (web)site),
4. IP address and
5. Time of server request,

are transmitted to a Google server in the USA and stored there. The information is used to evaluate the use of the website, to compile reports on website activity and to provide other services related to website and internet use for the purposes of market research and demand-oriented design of these internet pages. This information may also be transferred to third parties if this is required by law or if third parties process this data on our behalf. Under no circumstances will your IP address be merged with other Google data. The IP addresses are anonymised so that an assignment is not possible (IP masking).

You may refuse the use of cookies by selecting the appropriate settings on your browser, however please note that if you do this you may not be able to use the full functionality of this website.

These processing operations are carried out exclusively when explicit consent is given in accordance with Art. 6 (1) lit. a GDPR.

You can also prevent the collection of data generated by the cookie and related to your use of the website (incl. your IP address) as well as the processing of this data by Google by

downloading and installing a browser add-on
(<https://tools.google.com/dlpage/gaoptout?hl=de>).

Additional information on the service can be found at the following link:
<https://support.google.com/analytics/answer/6004245?hl=de>.

12. Plugins and other services

12.1 Google Maps

We use Google Maps (API) on our website. The operating company of Google Maps is Google Ireland Limited, Gordon House, Barrow Street, Dublin 4, Ireland. Google Ireland Limited is part of the Google group of companies with headquarters at 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA. Google Maps is a web service for displaying interactive (land) maps in order to visually present geographical information. By using this service, for example, our location can be displayed to you and a possible approach can be facilitated.

Already when calling up those sub-pages in which the map of Google Maps is integrated, information about your use of our website (such as your IP address) is transmitted to Google servers in the USA and stored there. In addition, Google Maps reloads the Google Web Fonts. The provider of the Google WebFonts is also Google Ireland Limited. When you call up a page that embeds Google Maps, your browser loads the web fonts required to display Google Maps into your browser cache. Also for this purpose, the browser you are using establishes a connection to Google's servers. Through this, Google obtains knowledge that our website was accessed via your IP address. This occurs regardless of whether Google provides a user account through which you are logged in or whether no user account exists. If you are logged in to Google, your data will be directly assigned to your account. If you do not want the assignment with your profile at Google, you must log out of your Google user account. Google stores your data (even for users who are not logged in) as usage profiles and evaluates them. You have the right to object to the creation of these user profiles, and to exercise this right you must contact Google as follows.

If you do not agree to the future transmission of your data to Google in the context of the use of Google Maps, you also have the option of completely disabling the Google Maps web service by turning off the JavaScript application in your browser. Google Maps and thus also the map display on this website can then not be used.

These processing operations are carried out exclusively when explicit consent is given in accordance with Art. 6 (1) lit. a GDPR.

Additional information on the service can be found at the following links
<https://www.google.de/intl/de/policies/terms/regional.html>
https://www.google.com/intl/de_US/help/terms_maps.html

Die Datenschutzbestimmungen von Google Maps können Sie einsehen unter: ("Google Privacy Policy"): <https://www.google.de/intl/de/policies/privacy/>.

12.2 Google WebFonts

Our website uses so-called Web Fonts for the uniform display of fonts. The Google WebFonts are provided by Google Ireland Limited, Gordon House, Barrow Street, Dublin 4, Ireland. Google Ireland Limited is part of the Google group of companies with headquarters at 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA.

These processing operations are carried out exclusively when explicit consent is given in accordance with Art. 6 (1) lit. a GDPR.

Additional information on the service can be found at the following links: <https://developers.google.com/fonts/faq> and <https://www.google.com/policies/privacy/>.

12.3 Vimeo (Videos)

On our website, plugins of the video portal Vimeo of Vimeo, LLC, 555 West 18th Street, New York, New York 10011, USA are integrated. When you call up a page of our website that contains such a plugin, your browser establishes a direct connection to the servers of Vimeo. The content of the plugin is transmitted by Vimeo directly to your browser and integrated into the page. Through this integration, Vimeo receives the information that your browser has accessed the corresponding page of our website, even if you do not have a Vimeo account or are not currently logged in to Vimeo. This information (including your IP address) is transmitted from your browser directly to a Vimeo server in the USA and stored there.

If you are logged in to Vimeo, Vimeo can directly assign the visit to our website to your Vimeo account. If you interact with the plugins (such as pressing the start button of a video), this information is also transmitted directly to a server of Vimeo and stored there.

If you do not want Vimeo to directly assign the data collected via our website to your Vimeo account, you must log out of Vimeo before visiting our website.

For videos from Vimeo that are embedded on our site, the tracking tool Google Analytics is automatically integrated. This is a separate tracking of Vimeo, to which we have no access and which can not be influenced by our site. Google Analytics uses so-called "cookies" for tracking. These are text files that are stored on your computer and enable an analysis of your use of the website. The information generated by the cookie about your use of the website will be transmitted to and stored by Google on servers in the United States.

These processing operations are carried out exclusively when explicit consent is given in accordance with Art. 6 (1) lit. a GDPR.

Additional information on the service can be found at the following link:
<https://vimeo.com/privacy>.

12.4 YouTube (Videos)

We have integrated components of YouTube on this website. The operating company of YouTube is YouTube, LLC, 901 Cherry Ave, San Bruno, CA 94066, USA. YouTube, LLC is a subsidiary of Google Ireland Limited, Gordon House, Barrow Street, Dublin 4, Ireland.

If you are logged in to YouTube at the same time, YouTube recognizes which specific subpage of our website you are visiting when you call up a subpage that contains a YouTube video. This information is collected by YouTube and Google and assigned to your YouTube account.

YouTube and Google always receive information via the YouTube component that you have visited our website if you are logged into YouTube at the same time as calling up our website; this takes place regardless of whether you click on a YouTube video or not. If you do not want this information to be transmitted to YouTube and Google, you can prevent the transmission by logging out of your YouTube account before accessing our website.

These processing operations are carried out exclusively when explicit consent is given in accordance with Art. 6 (1) lit. a GDPR.

Additional information on the service can be found at the following link:
<https://www.google.de/intl/de/policies/privacy/>.

13. Your rights as a data subject

13.1 Right to confirmation

You have the right to request confirmation from us as to whether personal data relating to you will be processed.

13.2 Right to information (Article 15 GDPR)

You have the right to obtain information about the personal data stored about you at any time, free of charge, as well as the right to access a copy of such data from us, in accordance with the statutory provisions.

13.3 Right to rectification (Article 16 GDPR)

You have the right to request the immediate rectification of incorrect personal data relating to yourself. Furthermore, the data subject has the right to request the completion of incomplete personal data, taking into account the purposes of the processing.

13.4 Erasure (Article 17 GDPR)

You have the right to demand that we erase the personal data relating to you be deleted without delay, provided that one of the reasons provided by law applies and if processing or further storage is not required.

13.5 Restriction to processing (Article 18 GDPR)

You have the right to request that we restrict the processing of your data if one of the legal requirements is met.

13.6 Data transferability (Article 20 GDPR)

You have the right obtain personal data relating to you that you provided us in a structured, commonly used and machine-readable format. You also have the right to transfer this data to another controller without hindrance by us, to whom the personal data was provided, provided that the processing is based on the consent pursuant to Article 6 Paragraph 1(a) GDPR or Article 9 Paragraph 2(a) GDPR or on a contract pursuant to Article 6 Paragraph 1(b) GDPR, and the data are processed using automated procedures, unless processing is necessary to complete a task, is in the public interest or is carried out in the exercise of an official authority assigned to us.

Furthermore, when exercising your right to data transferability pursuant to Article 20 Paragraph 1 GDPR, you have the right to have personal data transferred directly from one controller to another, provided this is technically feasible and does not impede the rights and freedoms of other persons.

13.7 Objection (Article 21 GDPR)

You have the right to lodge an objection to the processing of personal data relating to you for reasons relating to your particular situation where this is done on the basis of Article 6 Paragraph 1(e) (data processing in the public interest) or (f) (data processing on the basis of the weighing of legitimate interests) GDPR.

This also applies to profiling based on these provisions pursuant to Article 4 Number 4 GDPR.

Should you lodge an objection, we will no longer process your personal data unless we can demonstrate compelling and legitimate reasons for such processing that outweigh your interests, rights and freedoms, or where processing serves the assertion, exercise or defence of legal claims.

In individual cases, we process your personal data for direct marketing purposes. You have the right to object at any time to the processing of personal data for the purpose of such advertising. This also applies to profiling where this is connected to this kind of direct

marketing. Should you object to the processing of your data for direct marketing purposes, we will no longer process your personal data for this purpose.

In addition, you have the right to object to our processing of your personal data for scientific or historical research purposes or for statistical purposes pursuant to Article 89 Paragraph 1 GDPR for reasons arising from your particular situation, unless such processing is necessary for the performance of a task in the public interest.

You are free to exercise your right to lodge an objection in relation to the use of information society services, Directive 2002/58/EC notwithstanding, by means of automated procedures using technical specifications.

13.8 Revocation of consent regarding data protection

You have the right to revoke any consent to the processing of personal data at any time with future effect.

13.9 Lodging a complaint with a supervisory authority

You have the right to complain to a supervisory authority responsible for data protection about our processing of personal data.

14. Routine storage, erasure and blocking of personal data

We process and store your personal data only for the period of time necessary to meet the storage purpose or as required by the legal provisions to which our company is subject.

If the storage purpose no longer applies or if a required retention period expires, personal data will be routinely blocked or erased in accordance with the statutory provisions.

15. Duration of storage of personal data

The criterion for the duration of the retention of personal data is the respective legal retention period. Once this period expires, the data in question will be routinely erased, provided it is no longer required for the fulfilment or initiation of the contract.

16. Version and amendments to the Privacy Notice

This Privacy Policy is currently valid as of: 07 / 2023.
